

CELEBRATION FOOD POLICY IN CHILDCARE

In line with food preparation laws and allergies Park Orchards Learning Centre Inc. can't allow any food that is prepared at home to be shared with other children in childcare.

Park Orchards Learning Centre Inc. encourages parents to celebrate their child's birthday with the other children but only purchased cakes, sweets etc. can be served. Purchased food items must show the contents of the product so that the childcare staff can assess its safety for children with food allergies eg. Nuts, dairy etc.

No party food will be consumed by any child during the childcare session. Childcare staff will wrap food and give to parents at pick-up time and the parent can decide if the child may have it.
