

# All Abilities Creative Writing

## A great creative and social outlet for people with disabilities

Discover your inner creativity, improve how you express yourself, and become a better writer in a fun and artistic atmosphere.

With our guided exercises, our course helps you learn how to structure your writing, make it flow smoothly, and tell captivating stories. These abilities also help you read and understand things more critically, which makes you more well-rounded in terms of reading and writing.

You'll get to display your skills with short stories, poetry, and other forms of writing.

Students will have access to borrow ipads or laptops.

This is a fantastic creative outlet and an opportunity to meet new people, discover a new passion, and express yourself through written word.

This course is a part of the pathway to accredited courses:

- 11116NAT - Certificate I in Communicative English

**Contact us to discuss support needs and goals of the participant, as well as answer any questions you may have regarding the NDIS, payment and fees.**
